## Financial Support in Education for Children in Nepal

1. We are collating feedback information from our members so that we can set up a Guideline and procedures plan in place for the Financial Support towards EDUCATION to underprivileged children in remote parts of Nepal.
2. We have got some volunteer individuals already who are happy to contribute and join into our project for short and long term.
3. The shorter term is 3 years and the longest is for 12 years, but individuals can continue beyond 12 years point as well. The estimated cost per child for a year is £60 at present. Any donors willing to contribute differently i.e., one of sponsor or different amount will also be able to do so as per their will.
4. Obviously, this is a Long and Ongoing Project for the Tamang Society of UK.
5. We sincerely believe and hope that generous and kind individuals will come forward and join into this worthy project so that we can help support needy children whose parents are unable to support their children to be educated.
6. We plan to finalise all the legal aspects of the project soonest so that we can start it within this academic year.
7. We plan to start up this project from the Sindhupalchok district initially and expand to other districts in coming years.
8. We all know that we can't support everyone, but we can at least support someone.

Your positive thoughts and feedback are welcome.

We look forward to hearing from you soon and your co-operational support on the subject matter will be much appreciated.

Lasso

Sincerely Yours,

Mr Gyan Tamang  
President  
Tamang Society of UK (TSoUK)
